

2025 CITY OF UPLAND WEED ABATEMENT PROGRAM

At the beginning of each new year the City operates a proactive weed abatement program to help keep our community safe by reducing potential fire hazards and nuisances. Please be advised that property inspections for weeds and/or rubbish will begin February 18, 2025. To avoid a violation, please keep your property including alley ways, back yards, side yards and easement areas free of fire hazards and public nuisances. Failure to comply with the weed abatement requirements may result in financial penalties which may include the cost of contracting private services to abate the hazard and certain administrative fees.

For additional information, please visit our website at www.uplandca.gov/weed-abatement or contact Julie Hernandez, Weed Abatement Coordinator at (909) 931-4134.

IMPORTANT INFORMATION
