City of Upland Parking Lot Dining Program City-Wide

What? State and local Health Department regulations have limited the capacity of interior dining areas in response to COVID-19. Outdoor parking lot dining areas are temporary installations that may be proposed by a business in order to allow for increased capacity to serve patrons normally handled in an interior dining area.

Where? Any parking space normally utilized by a business, with the exception of handicap spaces.

How Big Can They Be? Three (3) parking spaces per 1,000 square feet of total business lease area, including any dining rooms, kitchens, bathrooms, etc. For example, a 2,000 square-foot restaurant may use up to 6 parking stalls for parking lot dining.

Does it Need to be Enclosed? All parking lot outdoor dining areas must be protected by both a vehicle barrier (to prevent cars from intruding into the space) and a visual barrier (to allow people to clearly see the space). A vehicle barrier can be a concrete wheelstop, or a K-rail. Visual barriers must be at least 36 inches high for visibility. Wrought iron or vinyl fences are some of the few materials that are considered visual barriers.

NOTE: Temporary signs may be placed on the fence (or similar barrier without a Temporary Sign Permit.

Entrances and Exits? Aside from the main entrance and exit into the space, an emergency exit with a minimum width of 36 inches is required.

Can I Put Shade Structures? Any shade structures such as umbrellas or tents must be significantly anchored and fixed in place. Please contact us with your proposal.

Is Lighting Required? Any parking lot dining area that is used during the evening hours require lighting. Power may be obtained from a variety of sources such as running a power line from inside your business, or connecting to a parking lot light. Please contact us with your proposal.

Private Property? The business shall be responsible for securing a letter of permission from the commercial center owner/manager.

How Long is the Permit Valid? The permit is valid for one month and must be renewed for an additional month prior to expiration.

NOTE: No alcohol shall be allowed without a proper ABC clearance/approval for outdoor service.

The City cares about the wellbeing of your business! We understand that each space is unique and may require a unique set of solutions. If you are interested in setting up an outdoor dining area, please contact the Upland Development Services Planning Division Mike Poland, mpoland@ci.upland.ca.us, (909) 931-4130 or (909) 931-4135
