

WEST END

Consolidated Water Company

June 15, 2016

To: State Water Resources Control Board
Shareholders

Subject: Wholesale Water Availability Projections,
Drought Certification for use in the Self Certification Conservation Standard

Shareholders who are Urban Water Purveyors:

The Company has two active shareholders:

City of Upland receives a 91.43% allocation of entitlement
Golden State Water Company receives a 8.56% allocation of entitlement.

West End has water rights in three groundwater basins. Entitlement can be produced by West End Company well facilities and also through the urban water purveyor's facilities.

Projected Water Supply:

Shareholder	WY2017 (AFY)	WY 2018 (AFY)	WY 2019 (AFY)
City of Upland			
Six Basins	2,252.7	2,111.9	2,041.5
Chino Basin *	866.3	866.3	866.3
Cucamonga Basin *	750	750	750
Total Upland	3,869.3	3,728.2	3,657.8
Golden State Water Company			
Six Basins	211.1	197.7	191.1
Chino Basin *	81.2	81.2	81.2
Total Golden State Water Company	292.3	278.9	272.3

*Water produced by water wells owned by the water purveyor and is counted as local purveyor groundwater supply
